Business/ Organization Name _____

Contact email _____

Approximate number of parade participants _____

FAQ's

What can go across the bridge? Pedestrians, wheelchairs, bicyclists, wagons, and strollers.

What can I pass out to spectators? Traditional parade novelty items and candy are encouraged.

Why are we going over the bridge instead of crossing the highway? HWY 100 is increasingly busy and both the Balloon Glow and Race increase traffic dramatically. Let's be safe by promoting use of the new bridge.

Can onlookers join the parade? Yes! The parade is meant to entertain our community and encourage community members to join us in our march to the park.

Can I still do a float? Small floats in the form of little red wagons, decorated strollers, bicycles and other small vehicles that can easily cross the bridge are welcome to join the parade.

How can I promote my business or organization without a float? Wear company/ organization t-shirts, hats, and pass out promotional materials.
